Please note that regional departures may be possible subject to availability.

Delta Air Lines also fly from Manchester, as do American Airlines. United Airlines have an alliance with bmi and can offer regional departures subject to availability at the time of request. Supplements may be applicable.

\*Denotes arrival the following day

All times shown are local.

New England is in the Eastern Time Zone which is 5 hours behind the UK.

Winter Park, Copper Mountain, Breckenridge, Steamboat, Powder Mountain, Snowbasin, The Canyons and Taos Ski Valley are in the Mountain Time Zone which is 7 hours behind the UK.

Heavenly is in the Pacific Time Zone which is 8 hours behind the UK.

As British Summer Time starts 1 week before Daylight Saving Time in the US, for one week at the end of March (BST) to the first week of April (DST) the US time goes 1 hour further behind.

## Flights to Europe

European flights are operated on a mixture of scheduled and charter services. As no operators have yet published details of their flight programmes, we cannot at this stage give detailed timings. These will generally be confirmed 12 weeks before departure. Please note that on some European flights meals are not served.

## Important information

- We normally allocate final flight space at least 12 weeks before departure but give a provisional allocation of your group flight arrangements on receipt of your second/third deposits. We reserve the right to use other carriers. Flight times, numbers and routings may vary.
- We are pleased to publish current flight details and times opposite. We are unable to confirm precise details for Winter 2007/2008 as airline schedules for the season are not yet published.
- Please note that changes from the main group booking are only possible where permitted from the airline. These should be requested no later than 10 weeks before departure; administration charges may apply. Any changes are strictly subject to availability.
